

We work alongside people to improve lives and communities, to unlock potential and open up new possibilities.

VISION

Our vision is
that **every** person has
the opportunity to be a full and
valued member of a society
where social exclusion and
isolation no longer exists.
It's *that* simple!

- We **innovate**
- We are **helpful**
- We are **passionate**
- We are **determined**
- We work **together**

For people experiencing homelessness and needing support

We support with:

- Housing advice
- Budgeting and money management
- Health and wellbeing
- Managing tenancies
- Signposting to other services
- Advice and established contacts to access further support

We work alongside people in Coventry to help them build their skills and confidence to maintain or set up a tenancy – incorporating additional needs or concerns into our support to help them to reach their potential

“
